Suggérer l'élégance, susciter l'envie par des formes pures et des matières nobles, pour qu'émotion et séduction soient durables.

La difficulté, et parfois la satisfaction, d'approcher cet objectif donnent toute son intensité à notre métier de créateur.

To suggest elegance and generate desire with pure shapes and noble materials, so that the emotion and beauty are long-lasting. It is the challenge, and sometimes the satisfaction, of reaching this objective that make my profession as a creator so exciting.

Durch reine Formen und edle Materialien Eleganz suggerieren und Lust erwecken, damit Emotion und Verführungskraft langfristig von Bestand sind. Die Schwierigkeit, und bisweilen die Befriedigung, sich diesem Ziel anzunähern, machen meinen Beruf als Designer so spannend.

Sugerir la elegancia y suscitar el deseo a través de formas puras y materiales nobles para que la emoción y la seducción sean duraderas.

La dificultad y también la satisfacción de alcanzar estos objetivos dan toda la intensidad a mi oficio de creador.

Suggestire l'eleganza, suscitare il desiderio attraverso forme pure e materiali nobili, perché l'emozione e la seduzione durino nel tempo. La difficoltà e talvolta ma spingendosi a raggiungere questo obiettivo conferiscono tutta la sua intensità al mio mestiere di creatore.
